Client rendering

Show your clients what the flooring will look like in their space using 3D rendering. Just send us photos of your client's room and get an impeccable result within 2 days. CGI will help you make your offer unbeatable, provide next-level service, and gain customers' trust and loyalty.

Lifestyle on demand

No one understands and feels your product like you do. Naturally, you come up with brilliant ideas for advertising lifestyles. Well, you no longer have to amass them in your drawer. Fill out the brief, provide a few references, and we will bring all your ideas to life.

Material swapping

Cater to customers' love for choosing and trying. Show them the flooring in every material in a lifestyle. This will help people better appreciate the aesthetics of every option and choose the one they like best.

Product swapping

Help your customers discover the flooring that will fit in their space style perfectly. Show various models in the same lifestyle and cater to every taste.

Talent rendering

Have your product endorsed by 3D characters. Just describe what kind of people you would like to see in your lifestyle, and get your dream ad. A family with kids, a business lady in a smart suit, a kitten stretching in the sunbeam — we will help you with any concept.

What files are needed?

For all the projects you will see here, our clients provided us with detailed briefs and attached all the necessary files. Such comprehensive SOWs allowed us to deliver the results at the costs and within the timeframes you will find by the renderings. Take a look at the list of main elements of these briefs so you could use them.

CAD Files & Photos

Product drawings (in dwg, pla or pdf file), photos, and sketches (if available).

References

Photos for lighting, composition, general mood, furniture, decor, and other elements to use in the render.

Brief File

A pdf file with project information: where to use certain textures, texture examples, names, links, etc.

Textures

Material textures in high quality, usually as front and side photos of an object or links to them.

Project Description

General info: how the renders will be used, what project features they are to highlight, etc.

Fill in the brief now

If you already have a good-quality 3ds Max, Revit, Maya, or Rhino 3D model of the product, please share it with us. It will help you save money and time. However, the 3D model should be checked by the CGI team first.
